Protein digestion and absorption – Mus musculus (house mouse)

Regulation of actin cytoskeleton – Mus musculus (house mouse)

Phosphatidylinositol signaling system – Mus musculus (house mouse)

Tight junction – Musrmusculus (house mouse)

MAPK signaling pathway – Mus musculus (house mouse) Mismatch repair – Mus musculus (house mouse) cycle – Mus musculus (house mouse) number of genes DNA replication Ran1 signaling pathway – Mus musculus (house mouse) 2 Glycosaminoglycan biosynthesis – chondroitin sulfate / dermatan sulfate – Mus muscult Homologous recombination - Mus musculus (house mouse) Virion – Lassa virus and SFTS virus – Mus musculus (house mouse) 10 12 Maturity onset diabetes of the young – Mus musculus (house mouse) Salivary secretion – Mus musculus (house mouse) pvalue cAMP signaling pathway - เพียร์ เทียร์ เป็นริโทอินระโทอินระ) Mus musculus (house mouse) Regulation of lipolysis in adipocytes sighus musculus (house mouse) lus (house mouse) 0.09 Vasopressin-regulated water reabsorption - Mus musculus (house mouse) 0.06 Adrenergic signaling in cardiomyocytes – Mus musculus (house mouse) 0.03 Insulin secretion – Mus musculus (house mouse) Chemical carcinogenesis yreceptoriactivation y Musymus culus (house mouse) Dilated cardiomyopathy - Mus musculus (house mouse) Cardiac muscle contraction = Mus musculus (house mouse) Arrhythmogenic right ventricular cardiomyopathy – Mus musculus (house mouse)

Non-alcoholic fatty liver disease – Mus musculus (house mouse)

Glutamatergic synapse – Mus musculus (house mouse)
